

Patriots' Day 2016

Reenactor Registration Packet

April 16 - 19, 2016

Registration Process

All unit commanders are asked to provide the following documents:

- A Federal Volunteer Agreement Form (OF301a) included in this packet
- A Minute Man NHP Firing Permit, included in this packet*
- Roster of participating members.

All individuals must sign in at their respective registration table upon arrival (Crown Forces at Paul Revere Capture Site, Provincial Forces at Minute Man Visitor Center), check their name off their unit's roster and receive a registration tag. You must have your tag with you to receive ammunition. Registration closes at noon on Saturday. **All participants must be registered by 12:30 p.m. when registration closes.**

This registration packet covers participation for all events at Minute Man NHP April 16 - 19, 2016. If your unit is only participating in the North Bridge event on April 18th, make sure all members of your unit are on site at North Bridge Visitor Center no later than 8:15 in order to check in and receive a tag.

Please sign all registrations documents and send them to me by March 1, 2016

Please send to:

Jim Hollister, Park Ranger

Minute Man National Historical Park

174 Liberty St. Concord MA. 01742

jim_hollister@nps.gov

fax (978) 318 - 7800

phone (978) 318 - 7829

*When you, as unit commander, sign the Firing Permit, you agree to the event standards for historic weapons/black powder safety and historical authenticity. You are responsible for making sure the participating members of your unit understand and meet all event standards prior to the event.

PUBLIC BURDEN STATEMENT	
According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0596-0080. The time required to complete this information collection is estimated to average 15 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. USDA, DOI, DOC and DOD prohibit discrimination in all programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. Not all prohibited bases apply to all programs.	
PRIVACY ACT STATEMENT	
Collection and use is covered by Privacy Act System of Records OPM/GOVT-1 and USDA/OP-1, and is consistent with the provisions of 5 USC 552a (Privacy Act of 1974), which authorizes acceptance of the information requested on this form. The data will be used to maintain official records of volunteers of the USDA and USDI for the purposes of tort claims and injury compensation. Furnishing this data is voluntary, however if this form is incomplete, enrollment in the program cannot proceed.	

Minute Man NHP Historic Weapons/Black Powder Safety Regulations

Acceptable Weapon Types: Only reproduction firearms may be used at Minute Man National Historical Park. The use of original firearms is prohibited. Acceptable reproduction small arms are:

- Early to mid-18th century flintlock muskets, fusils, or fowling pieces.
- British Long Land Pattern
- British Short Land Pattern
- French Charleville

Unacceptable Weapon Types

- Pistols
- Blunderbusses
- Rifles
- Percussion-cap weapons
- “Belgian Bombs”
- Dog lock muskets

Prohibited weapons brought on site will be returned to the owner’s vehicle, or secured by the NPS and returned after the event.

Weapon Safety and the Public

- Visitors are not allowed to handle or touch a loaded weapon.
- DO NOT HAND YOUR WEAPON TO VISITORS.
- No weapon is to be left unattended.
- NEVER point your weapon (firearm or edged weapon) at anyone at anytime.
- Participants under the age of 16 may not handle weapons (firearms or edged weapons) or powder.

Ammunition

All ammunition will be provided by the NPS. Do not bring ammunition with you on site.

Small Arms Inspections:

All small arms used in firing demonstrations will be inspected by the NPS to ensure serviceability, and then just prior to and immediately after every firing demonstration to ensure the weapon is clear. **Weapons that do not pass may not be carried and must be returned to the owner’s vehicle or secured by the NPS and returned after the event.**

Weapons must meet the following standards to pass inspection:

- weapon must be clean and free of fouling
- no excessive rust or corrosion on the barrel, lock and touch hole
- secured flashguard and hammer stall
- no cracks or splits in the stock
- furniture and barrel fit securely to stock
- no missing stock pins or screws
- lock is flush with the barrel with no charring around the mortise
- half-cock position works properly
- flint is secured by leather or lead
- barrel free from visible dents or cracks

Firing Procedures

- All firing demonstrations taking place on park property may only be done under the direct supervision of the NPS.
- Ramrods may not be drawn on the field during firing demonstrations.
- No soldier may carry a loaded weapon when crossing over stone walls or passing through woods, as doing so may cause an accidental discharge of the weapon. Officers, when leading their troops over or through the aforementioned obstacles, will either order a volley to empty weapons or have their troops dump charges and priming.
- Range safety standards will be observed at all times.
- No opposed firing or casualty portrayals (elements of simulated combat) are permitted.
- Firing will commence or cease at the discretion of the NPS.
- If you even suspect that your weapon has missed fire, call out "misfire!," hold at "present" for 10 seconds, dump the charge and priming. "When in doubt, dump it out."

Edged Weapons

- Edged weapons may be drawn and brandished in a safe and prudent manner, when the bearer and the weapon are behind a barrier in a secure area out of the reach of visitors, i.e. officers carrying swords during the tactical demonstration, or infantrymen in a bayonet demonstration.
- At no time may participants engage in simulated combat with edged weapons or simulated edged weapons.
- When not behind a barrier, out amongst visitors, swords, knives, bayonets and the like may not be fully drawn. They may be partially drawn enough to expose some of the blade for visual inspection for interpretive purposes, but no visitor may touch the blade.
- Soldiers on sentry duty may fix bayonets but must keep the musket in a vertical position and the bearer must maintain control of the weapon.

Minute Man NHP Living History Authenticity Standards

General Protocol

The people we portray in living history can no longer represent themselves. **They deserve our best efforts.**

Participants are required to dress in as an appropriate manner for Eastern Massachusetts, 1775 as possible. Western frontier and native dress are not acceptable; this includes hunting shirts, fringe, beads, Native American or rifleman accessories/accoutrements and a general "buckskin" appearance.

No anachronisms such as: cameras, cell phones, cigarettes, plastic items, wrist watches, modern jewelry, sleeping bags, coolers, non-period glasses or sunglasses, etc., will be used in sight of any visitor during hours of operation.

For safety and authenticity purposes clothing must be of natural fiber such as wool, linen or cotton. Polyester, nylon, Velcro, or other synthetic fabric presents a safety hazard and may not be worn.

Any modern accoutrements such as company pins, logos, nameplates or any other paraphernalia are not authentic to the period may not be worn.

Men's Clothing

Facial Hair: Beards and moustaches (and goatees, soul patches, etc.) are not appropriate for 18th century New England and may not be worn by anyone engaged in 18th century living history at Minute Man NHP. A maximum of 3-days' stubble is permitted. Anyone who appears with a full beard, moustache etc. may not field.

Frock coat or workman's jacket is required for all civilian and military impressions: of wool or linen (flax or hemp). 18th century men of all social classes would not go out in their waistcoats and shirtsleeves. Farmers smocks are acceptable if portraying a farmer or tradesman **at work**, but absolutely will not be allowed for military impressions. Militia/minute companies may not take the field in matching coats, or uniforms of any kind. Leather coats and frontier/rifle/hunting shirts (the garment with the cape and the fringe) are not acceptable.

Shirt and neckwear: long, full sleeved, closed neck with stock, cravat, or neck cloth: Linen, cotton, wool in white, natural, or checked. Laced-trimmed jabots and ruffled stocks sold by several sutlers are not acceptable.

Waistcoat: wool, linen, cotton (or silk if appropriate to the overall impression). Necessary with frock coat, optional with buttoned workman's jacket.

Breeches: wool, linen, leather, or cotton (or silk if appropriate to the overall impression). Trousers are acceptable as part of a lower class impression. Fringed suede frontier-style trousers are not acceptable.

Stockings: over the knee, wool, cotton or linen (or silk if appropriate to the overall impression), white or colors, held up with leather or cloth tape garters. Horizontally striped stockings and athletic socks are not allowed.

Shoes: period-style leather shoes with buckles or 2 hole lace up, black or brown (appropriate modern leather shoes may be worn if covered with gaiters)

Gaiters: Farmer's half boots or half gaiters of dark brown or black wool, or linen canvas may be worn over period style shoes. The gaiters must fit closely about your calves and ankles. Baggy or droopy gaiters will not pass muster. Knee length F&I style gaiters are not appropriate.

Hat: Must be worn out of doors. Cocked hat (civilian or military, depending upon your particular impression,) uncocked hat, knitted cap, workman's cap. Leave your hat undecorated, meaning no feathers, plumes, pipes or bits of dead animals.

Knapsacks: Knapsacks are recommended for militia impressions. Market wallets and work bags are also appropriate, as is the use of your pockets. Haversacks were military camp equipage for carrying rations and not appropriate for civilian and militia impressions. **If you portray a minute/militiaman or colonial civilian, you may not wear a haversack.**

Proper Fit: The fit of clothing was extremely important to the 18th century person. Breeches should fit snugly around the leg and knee band, and should not be too long (i.e., the knee band should close about three fingers' width below the knee cap - and not extend down the calf). Coats should fit well about the body and should move with you unlike modern coats where you move within the coat.

Women's Clothing

Sleeved outer garment: such as gown, jacket, caraco, bed gown, or riding habit of wool, linen, or cotton (or silk if appropriate to the overall impression). Because of the difficulty of obtaining period-appropriate prints, it is recommended that you avoid prints unless you have studied them in detail or can find exact replicas (such as Williamsburg replicas though not all their offerings are authentic); paisleys, cabbage roses, and 19th century calicoes are not correct. The sleeveless so-called "French bodice" and "English bodice" are not acceptable. A sleeved outer garment is required.

Petticoats: recommended 2.5-3 yards in circumference, longer than mid-calf; high-ankle/low-calf suggested. At least one petticoat with full-length gown; otherwise at least two. See above concerning prints. Print petticoats are only acceptable if worn with a gown or jacket of the same fabric.

Shift: low necked, sleeves reaching slightly below elbow. Linen, cotton, or wool in white or natural.

Stays or Jumps: If wearing a fitted garment like gown, caraco or jacket, stays or jumps are necessary.

Neck handkerchief: recommended. Triangle or folded square of linen, cotton, or wool (or silk appropriate to the overall impression) in white, natural, solid color, or small checks, stripes or period block print. Shawls are not acceptable.

Apron: Wool, linen, or cotton (or silk if appropriate to the overall impression) in solid color or small checks or stripes. No eyelet or bibbed aprons.

Stockings: over the knee, linen, wool, silk, or cotton, white or colors, held up with leather or cloth tape garters. Horiontally striped stockings and athletic socks are not allowed. (As stockings do not show above low calf at most, plain modern knee socks are acceptable and garters are optional.)

Shoes: Period-style leather or cloth shoes with buckles or 1 hole lace up, black or brown (appropriate modern leather shoes may be worn if petticoats reach ankles or lower).

Cap: White linen or organdy. Acceptable cap styles are too numerous to list here, but "mobcaps" (a single circle of cloth gathered with a casing and/or elastic to form a ruffle) are not acceptable. Note that a plain cap with front band and gathered back is the simplest to make. A cap or hat is required except for fine ladies with dressed hair. No eyelet.

Hat: Low-crowned women's style in straw, or felt, plain or covered; or bonnet. A cap or hat is required except for fine ladies. Flowers, and feathers should be avoided, unless doing a gentry interpretation.

Hair: Pulled back from the face and put up, or hidden with a cap. Long or thick bangs should be pulled back off the face. Obviously-dyed hair (a color not naturally occurring in hair) should be well-covered by a cap.

Make-up: If worn at all, should not be noticeable.

Cold weather gear: Optional. Period-pattern cloaks, mantles, tippets, hoods, etc. Wool kerchiefs. Woven or knitted wool, linen, or cotton (or silk appropriate to the overall impression) mitts, mittens, or gloves. Wool and/or fur muffs. Kinsale cloaks are discouraged as are Celtic pins and penannular brooches. Wearing a men's military uniform coat is unacceptable. To keep warm, we highly recommend wearing layers underneath your clothing where they are not seen. For example, silk or polypropylene long johns, and/or tights.

About lace: Eyelet and tatting are not authentic to the period. Crochet is not acceptable in any form (lace, shawls, etc.). Machine-made lace is acceptable if it is in imitation of period-style lace.

Baskets, market baskets and workbags: Baskets should be made of wood splint or willow,; metal parts are discouraged. Also use of pockets is strongly encouraged.

Children's Clothing

Babes in arms: Shirt or shift, and cap, of linen, cotton, or wool, in white. A frock and petticoat are optional but preferred. Shoes and stockings optional. If plastic diapers are used, cover with a cloth.

Young children: (unbreached boys from toddlers through age 3 to 7 and girls from toddlers through early puberty) shift of linen, cotton, or wool, in white or natural with a child's frock (back closing for either gender / front closing for boys only) and petticoat. Cap and / or hat for girls (optional but preferred), workman's cap or uncocked or single cocked hat for boys (optional). Stockings, as for women. Period-style shoes; due to the expense of children's shoes, any black or brown leather lace-up modern shoes are also acceptable. Shoes and stockings are optional but strongly recommended.
