# *Battle of Bunker Hill*

Saturday:

Traditional Battle of Breed's Hill Scenario, British artillery bombardment of "Charlestown", attacks on rail fence and redoubts.

Sunday:

British occupation of Bunker's Hill , skirmishing and attempts to retake British positions, open tactical demonstrations.

See Facebook "Battle of Bunker Hill -  
240th Anniversary"

Registration website will be up soon.

# *Battle of Bunker Hill*

- Site is privately owned by generations of the Harvey family since 1755. A 250+ acre pasture with a broad rolling hill and ridge, similar to the type of open ground at Breed's Hill 240 years ago. The hill rises 50-60 feet above "ground level", so that from the perspective of the crowd it is the same height and scale as Breed's Hill.
- Earthworks based on American accounts of the original Breed's Hill redoubt and split-rail fence used by the CT and NH troops during the battle.
- Site has a strong connection Capt. Dearborn's Company of Col. Stark's NH militia who fought at the top of the rail fence that day.
- Private financing, using the 10<sup>th</sup> Regiment of Foot's 501(c)3 Events Fund. Port-a-pots, water and wood are already financed. Working with Epping on police details, permitting and other services. Donations are welcome!
